Final EIS
for the Proposed Homeporting of Additional Surface Ships
At Naval Station Mayport, FL
Volume II: Technical Appendices

UNCLASSIFIED

November 2008

LIST OF APPENDICES

Appendix A	Dredging/Dredge Disposal Studies
Appendix A.1	Dredge Volume Estimate
Appendix A.2	ODMDS Site Capacity
Appendix A.3	Geotechnical and Bulk Chemistry Analysis Turning Basin, Entrance Channel, and Federal Navigation Channel
Appendix A.4	Sub-bottom Profile Investigation
Appendix A.5	Hydrodynamic Modeling
Appendix A.6	Jacksonville Ocean Dredged Material Disposal Site Capacity Report
Appendix B	Biological Resources
Appendix B.1	Scientific Names of Species Discussed in Text
Appendix B.2	Agency Coordination
Appendix B.3	Biological Assessments
Appendix C	Coastal Consistency
Appendix D	Air Emission Calculations
Appendix E	Cultural Resources
Appendix E.1	Agency and Tribal Coordination
Appendix E.2	Phase I Underwater Archeological Investigations
Appendix E.3	Phase II Underwater Archeological Evaluation Fieldwork Summary
Appendix F	Economic Data
Appendix G	Information on Radiation Exposure and Risk
Appendix H	Detailed Analyses of Normal Operations and Accident Conditions for Radiological Support Facilities
Appendix I	Classified Aspects of Nimitz Class Reactor Design, Operation, and Safety

Appendix J	Public Participation and Consultation
Appendix K	Glossary
Appendix L	Comments on the Draft Environmental Impact Statement and Responses to Comments
